EASY FIELD MONITORING ANYWHERE, ANYTIME

Cropwise Imagery is powerfully simple. This digital tool provides a holistic view of the farm from above or in the field. It also helps promptly address and share field health issues.

FEATURES:

- **Personalized Dashboard** – Focus on the most important areas
- **Prescription Creation** – Create precise variable rate prescriptions
- **Variability View** – Enhanced visibility to the metrics you care about
- **Side-by-Side View** – Monitor the same area over time for changes
- **Analytics** – View histograms, time-series value and snapshots to see how the field's NDVI values change
- **Scouting Notes** – Tag in-field areas with shareable pictures and text

YOUR FIELD IN YOUR HANDS.

Conduct practical comparisons and take the guesswork out of interpreting imagery to get the most out of your crops season after season.
