

G11B63

Silk RM: **112**

Black Layer RM: 109 GDU: **2570**

Brands Available: G11B63-GTA/LL

Provides Excellent Ear Flex and Artesian Technology

- Maximizes yield when it rains; increases yield potential when it doesn't
- Consistent yield potential across environments
- · Dependable stalk and root strength

Seed products with the LibertyLink(® (LL) trait are resistant to the herbicide glufosinate ammonium, an alternative to glyphosate in com and soybeans, and combine high-yielding genetics with the powerful, non-selective, postemergent weed control of Liberty(® herbicide for optimum yield and excellent weed control.

© 2023 Syngenta. I**mportant: Always read and follow label and bag tag instructions; only those labeled as tolerant to glufosinate may be sprayed with glufosinate ammonlum-based herbicides.** LibertyLink®, Liberty® and the Water Droplet logo are registered trademarks of BASF.
